UNTIL DR. WILLIAMS' PINK PILLS CURED HIS RHEUMATISM.

A Printer Tells of the Accidental Way In Which He Learned of the Remedy That He Preises.

"Some years ago." says Mr. W. H. Clark, a printer, living at 612 Buchanan street, Topeka, Kaus., "I had a bad attack of rheumatism and could not seem to get over it. All sorts of medicines failed to do me any good and my trouble kept getting worse. My feet were so swollen that I could not wear shoes and I had to go on crutches. The pain was

"One day I was setting the type of an article for the paper telling what Dr. Williams' Pink Pills had done for a man afflicted as I was and I was so impressed with it that I determined to give the medicine a trial. For a year my rheumatism had been growing worse, but after taking Dr. Williams' Pink Pills I began to improve. The pain and swelling all disappeared and I can truthfully say that I haven't felt better in the past twenty years than I do right now. I could name, off hand, a half-dozen peo-ple who have used Dr. Williams' Pink Pfils at my suggestion and who have reoeived good results from them."

Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic, nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood.

Dr. Williams' Pink Pills cure rheumatism because they make rich, red blood and no man or woman can have healthy blood and rheumatism at the same time. Rheumatism is a disease of the blood and to cure it you must treat it in the blood. Every part and every tissue of the body is dependent on the blood for health. Dr. Williams' Pink Pills actually make new blood. That is why they have cured so many cases of ansemia, neuralgia, sciatica, partial paralysis, locomotor ataxia and other diseases that have not yielded to ordinary treatment.
